

I am retired and on a limited income. Thankfully, due the '96 Telecom Act, my ISP is able to provide me with affordable access to the internet. PLEASE DO NOT TAKE AFFORDABLE ACCESS TO THE INTERNET AWAY FROM ME by eviscerating the '96 Telecom Act. Bell companies operate an "essential facility", and should be required to accommodate other ISP firms that wish to purchase access from them. If the FCC eliminates the dominant classification from the Local Exchange Carriers (Bells), ISPs and CLECs will die, and I will be deprived of any choice with respect to internet access. I beg you, PLEASE DO NOT DO IT!
